

UK & Ireland Reference Centre

An indispensable collection of full-text research content for secondary-level schools and sixth form colleges

Help students develop their research and digital literacy skills by providing easy access to reliable online information — anytime, anywhere, from any computer or mobile device. UK & Ireland Reference Centre's intuitive search and retrieval options, including source type and subject limiters, enable students to quickly locate relevant resources and feel more successful in their research.

KEY CONTENT

- Complete articles (from magazines, newspapers, reference books, biographies and more) that reflect multiple perspectives, encourage critical thinking and promote cultural understanding
- Popular regional publications including *The Times* (London), *The Sun* and *The Daily Mail* as well as international content from *Time*, *Consumer Reports* and *Newsweek Global*
- Multimedia (photos, maps, graphs, charts, and images) to enhance teaching and learning

PRODUCTIVITY TOOLS

- Google Drive and Google Classroom integrations for easy saving and sharing of content
- Text-to-speech for HTML articles to support struggling readers, auditory learners and those developing English-language proficiency
- Citation tool to help students format references

UK & Ireland Reference Centre is available via EBSCO Discovery Service, EBSCOhost or Explora, EBSCO's dedicated interface for schools and public libraries.
