Get to Know DynaMedex!

DynaMedex delivers easy access to the information busy clinicians need—when and where they need it.

When you choose DynaMedex, you provide your clinical teams with the essential tools and confidence to make the best, most informed care decisions.

- **Confidence:** Robust coverage of 35+ specialties, daily content updates, and personalized alerts including those that are potentially practice changing
- **Fast access:** Surface information and tools with powerful search technology that speeds time from question to answer
- **Trust:** Unbiased clinical content and practice recommendations subject to our rigorous Conflict of Interest Policy
- **Transparency:** We distinguish recommendations based on evidence, published guidelines, or when necessary, expert opinion, with one-click access to full text resources

The DynaMedex Difference means you get the depth and breadth of content you expect from a powerful, evidence-based clinical decision support solution, but it also means so much more:

- Comprehensive, trusted adult, pediatric, and neonatal drug information from **Micromedex**®
- Tools for drug interactions and IV compatibility from **Micromedex**®
- Integrated **Differential Diagnosis** tool to help improve diagnosis quality, leading to more cost-effective care
- **DynaMed Decisions** for advanced clinical decision support, patient engagement, and shared decision making

The DynaMedex Difference means trust in the evidence, confidence in practice, and a superior experience for clinicians and patients.

- Single Sign-On (SSO) and EHR integration for enhanced workflow efficiency
- The only comprehensive CDS solution with SMART on FHIR integration
- Streamlined CME and MOC management
